PROFESSIONAL SUMMARY

Computer Science student with knowledge of Java, JavaScript, React, Spring Boot, SQL, and MySQL. Developed web applications such as Clinic Sphere and a Bakery Website. Currently learning AWS Cloud and DevOps through hands-on training. Looking for a Full Stack Developer role where I can contribute my skills, knowledge towards organizational growth while enhancing skills.

TECHNICAL SKILLS

- **Programming Languages:** Java and JavaScript, Basics of Python
- **Frameworks:** React and Spring boot
- **Frontend :** HTML and CSS
- **Database :** Mysql

PERSONAL PROFICIENCIES:

- **Strengths:** proficient in problem solving, able to work under pressure.
- **Soft Skills:** can communicate effectively, manage time effectively, adapting to new environments.

PROJECTS

- **Bakery Website | React, JavaScript, HTML, CSS, Firebase**
 - Built a bakery website that allows users to register, log in, view the menu, and place orders online.
 - Used Firebase for authentication and data management.
 - Developed the frontend using React, JavaScript, HTML, and CSS.
- **ClinicSphere – Online Clinic Management System | React, Spring Boot, MySQL**
 - Developed an online clinic management system for patient registration, login, and doctor appointment booking.
 - Implemented appointment management features that allow doctors to view and confirm patient bookings.
 - Created a simple and efficient system to make appointment scheduling easier for both patients and doctors.
- **Bank Management System | Java**
 - Built secure backend for managing customer accounts, deposits, withdrawals, and transactions
 - Implemented validation mechanisms to ensure data accuracy and security
 - Simulated real-world banking operations

EXPERIENCE

- **AI/ML Virtual Internship | EduSkills**
 - worked on machine learning models including predictive analysis
 - Performed feature engineering and model evaluation
 - Improved understanding of real-world AI applications
- **AWS Cloud & DevOps Intern (Ongoing) | Data Valley**
 - Currently undergoing training in AWS Cloud and DevOps technologies.
 - Learning AWS services, cloud deployment, and DevOps practices through hands-on activities.
 - Gaining practical knowledge of cloud infrastructure and application deployment.

EDUCATION

- **Under-Graduation:** Pursuing a B Tech in computer science and engineering 4th year at Mother Theresa Institute of Engineering and Technology. **CGPA :** 8.41
- **Intermediate:** Completed Intermediate at A P Model School, Kammanapalli with 92%.
- **Matriculation:** Completed Matriculation at A P Model School, Kammanapalli with 89%.
